How to Ojoor (Payroll Integration) works in Cloudpital?

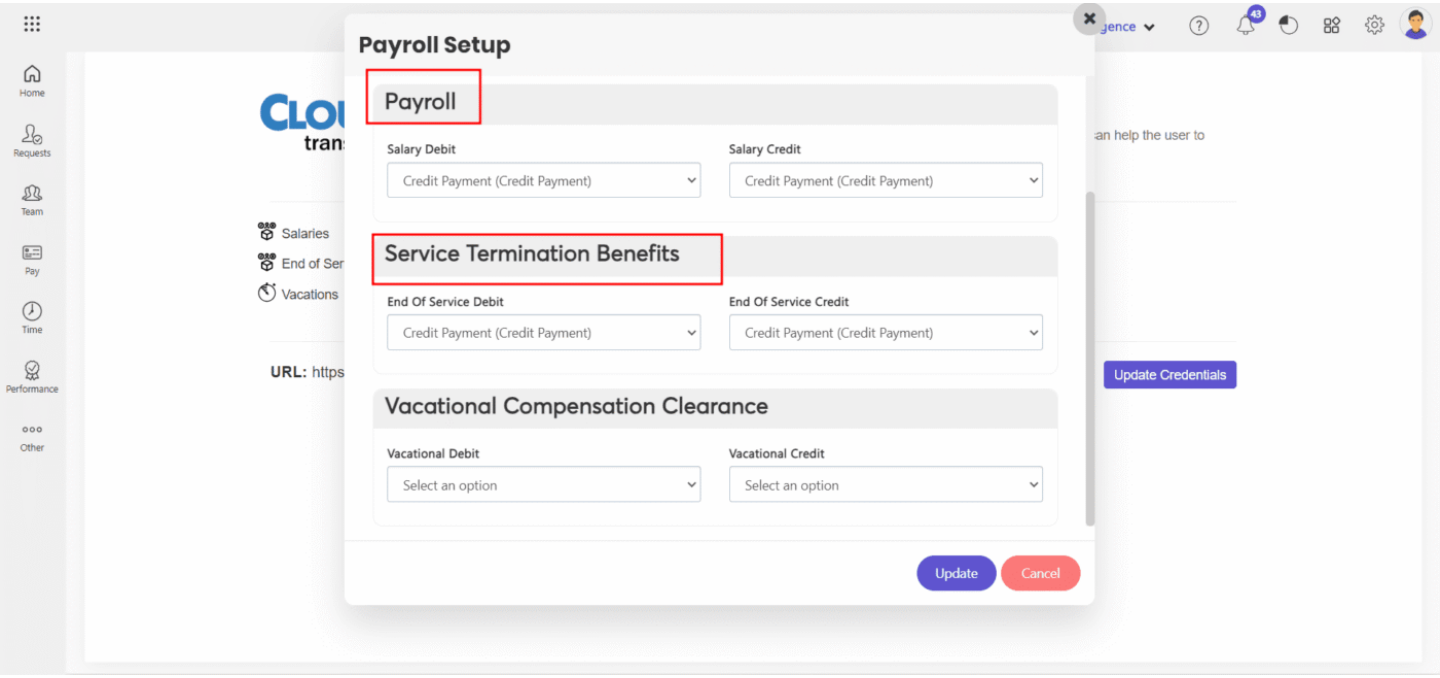

Ojoor Integration · https://www.cloudpital.com/docs/how-to-ojoor-payroll-integration-works-in-cloudpital/

Ojoor is a **Payroll integration** feature in Cloudpital that allows users to manage employee salaries and benefits with ease. Here's how it works:

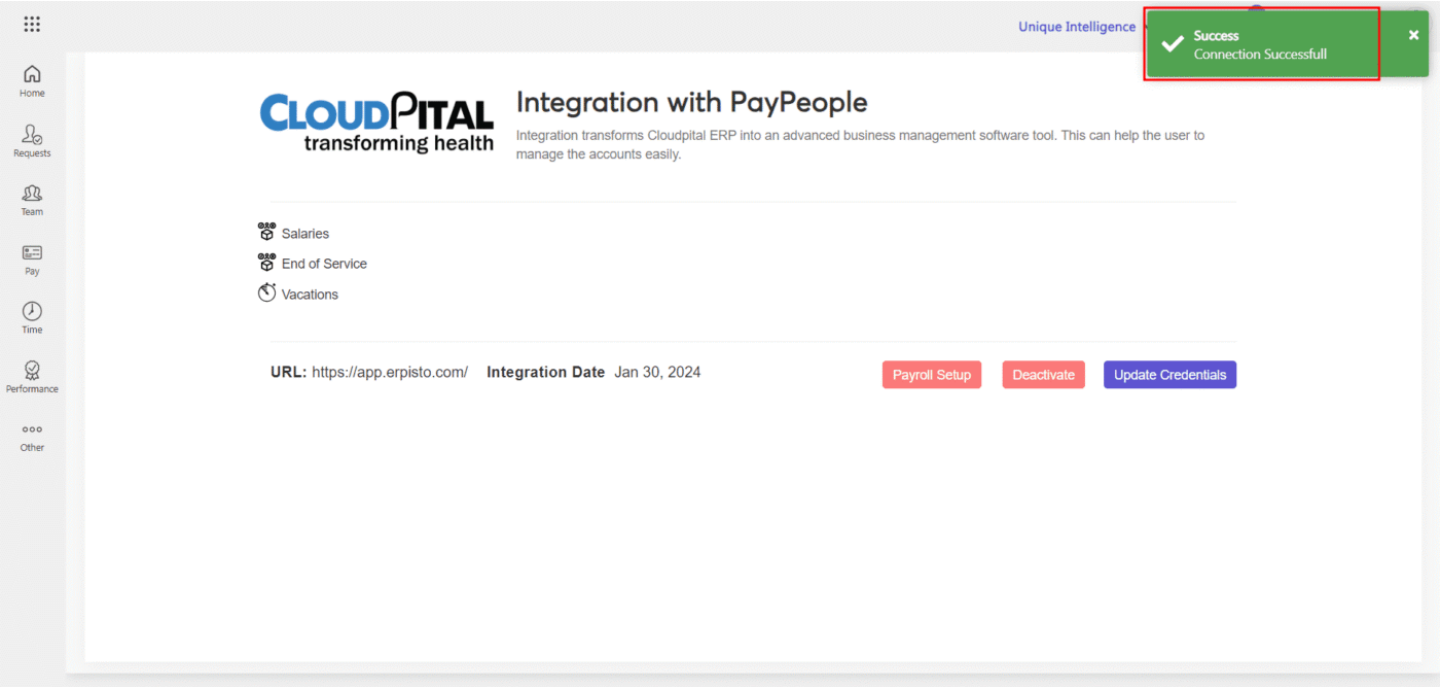

1.After the Integration click on the **Payroll Setup** to integrate

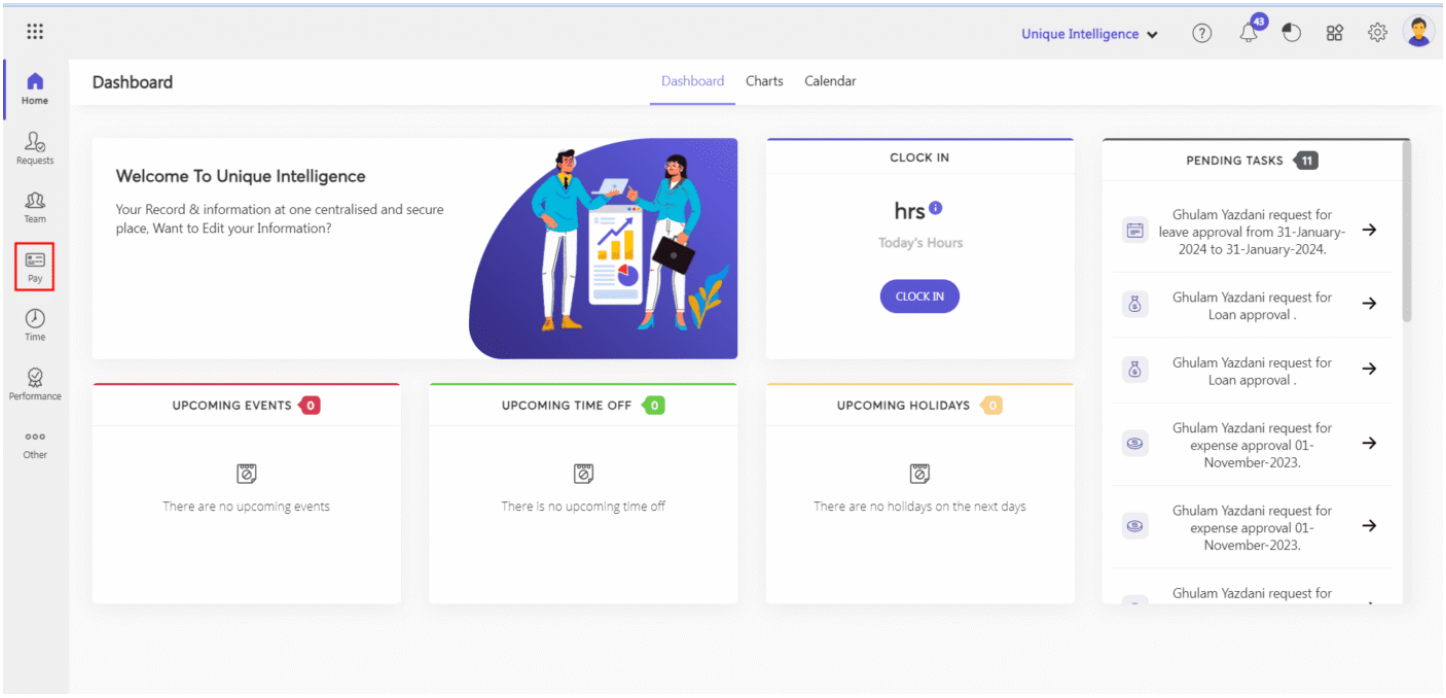

2.Select the **Payroll** and **Service Termination Benefits.**

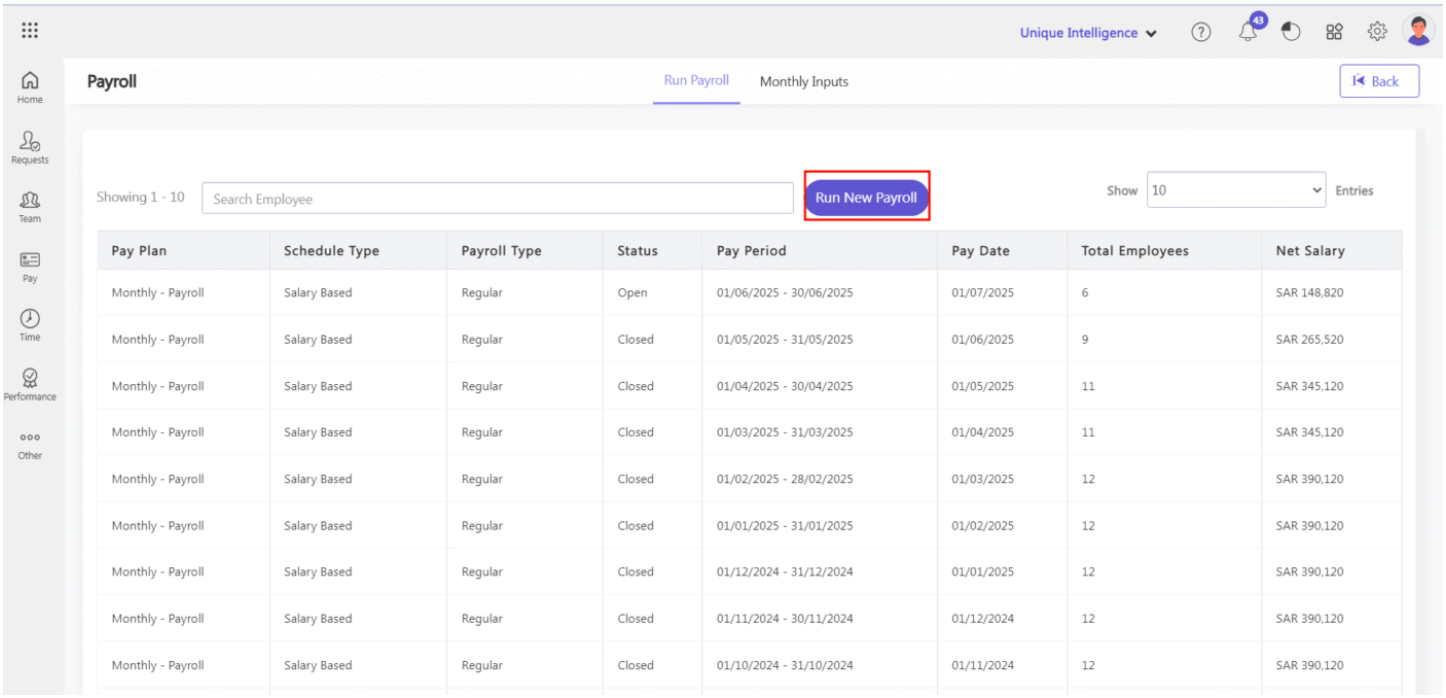

3.Its's Successfully saved.

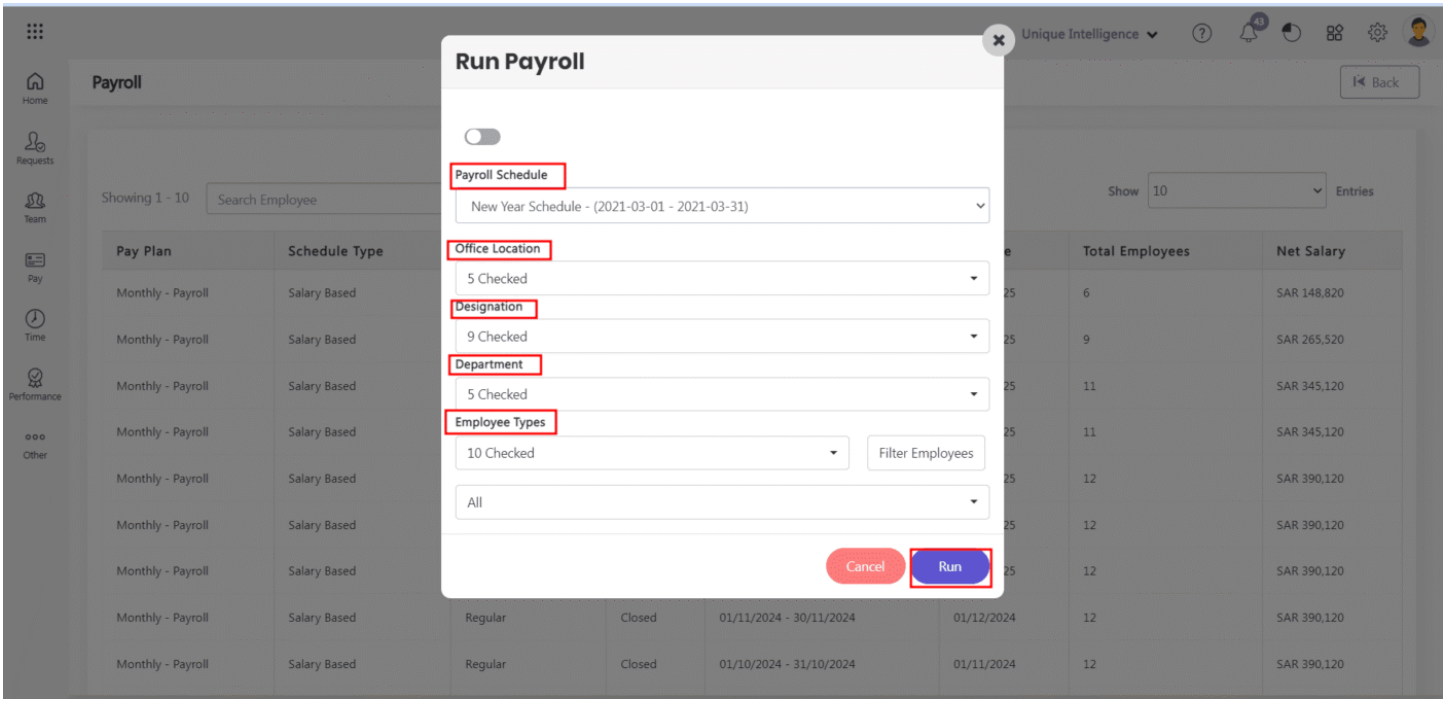

4. Then go to the **Home** and click on **Pay.**

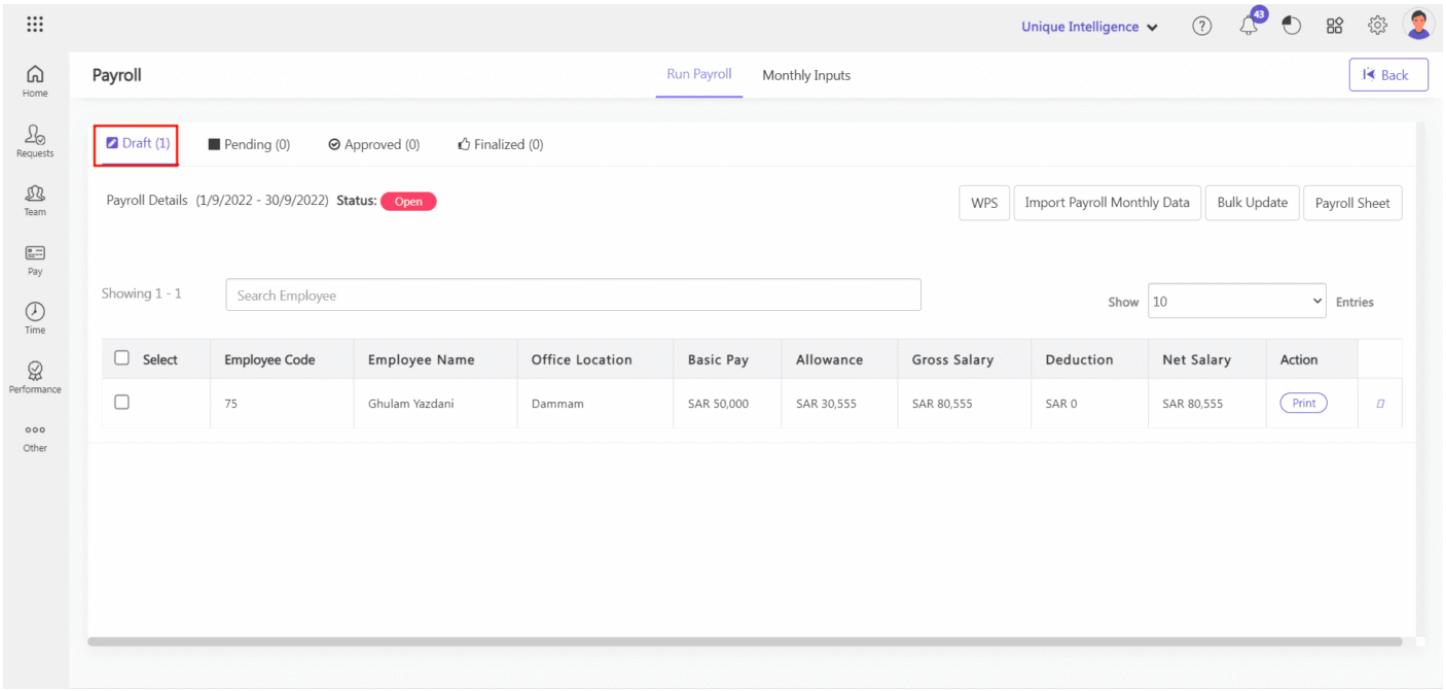

5.In this screen click on the **Run New Payroll.**

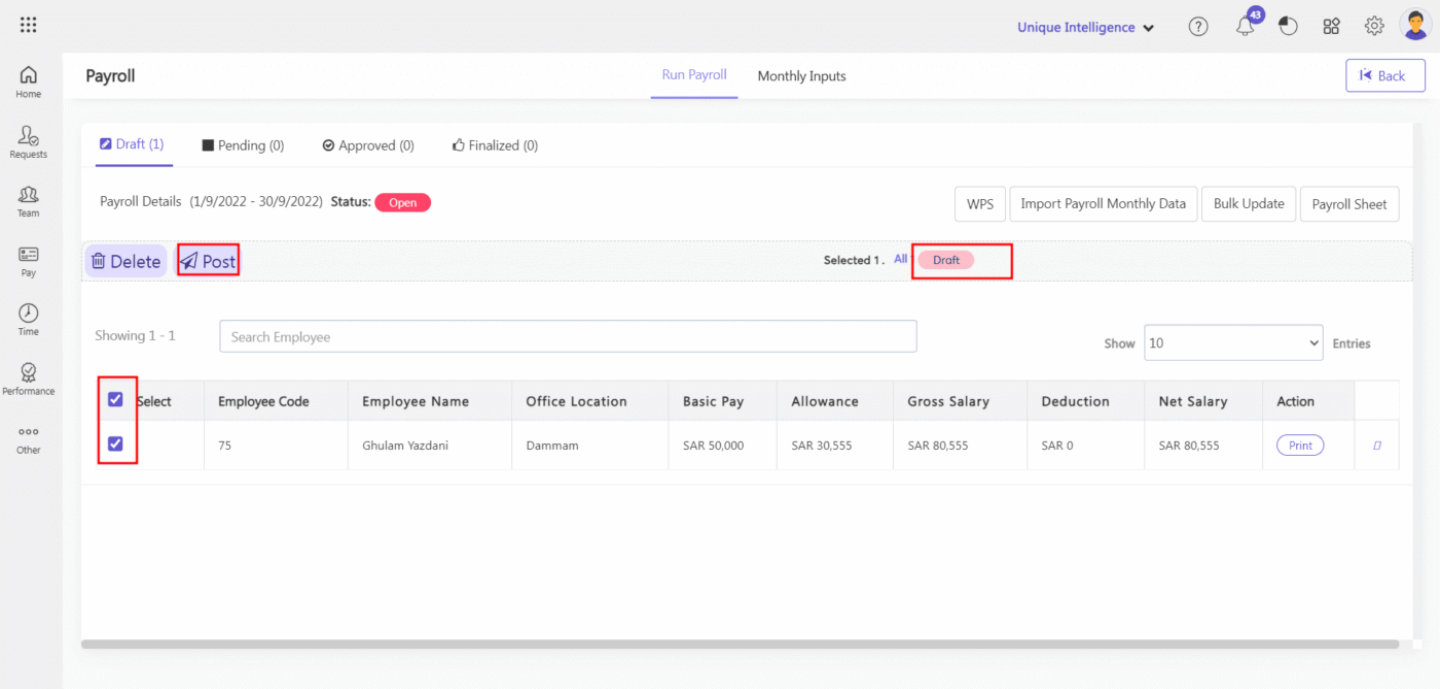

6.After click on the Run New Payroll select the OfficeLocation,Designation,Department and Employee type.

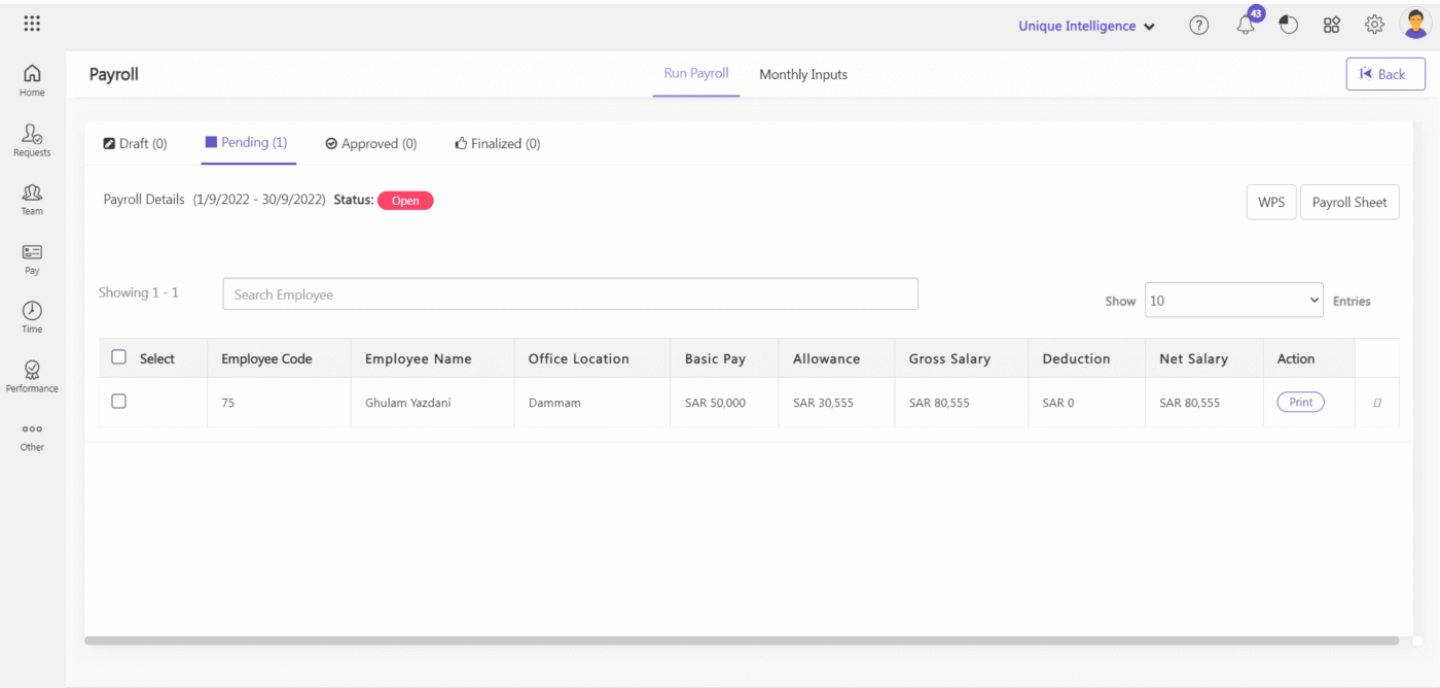

7.When we click on Run the status should **Draft.**

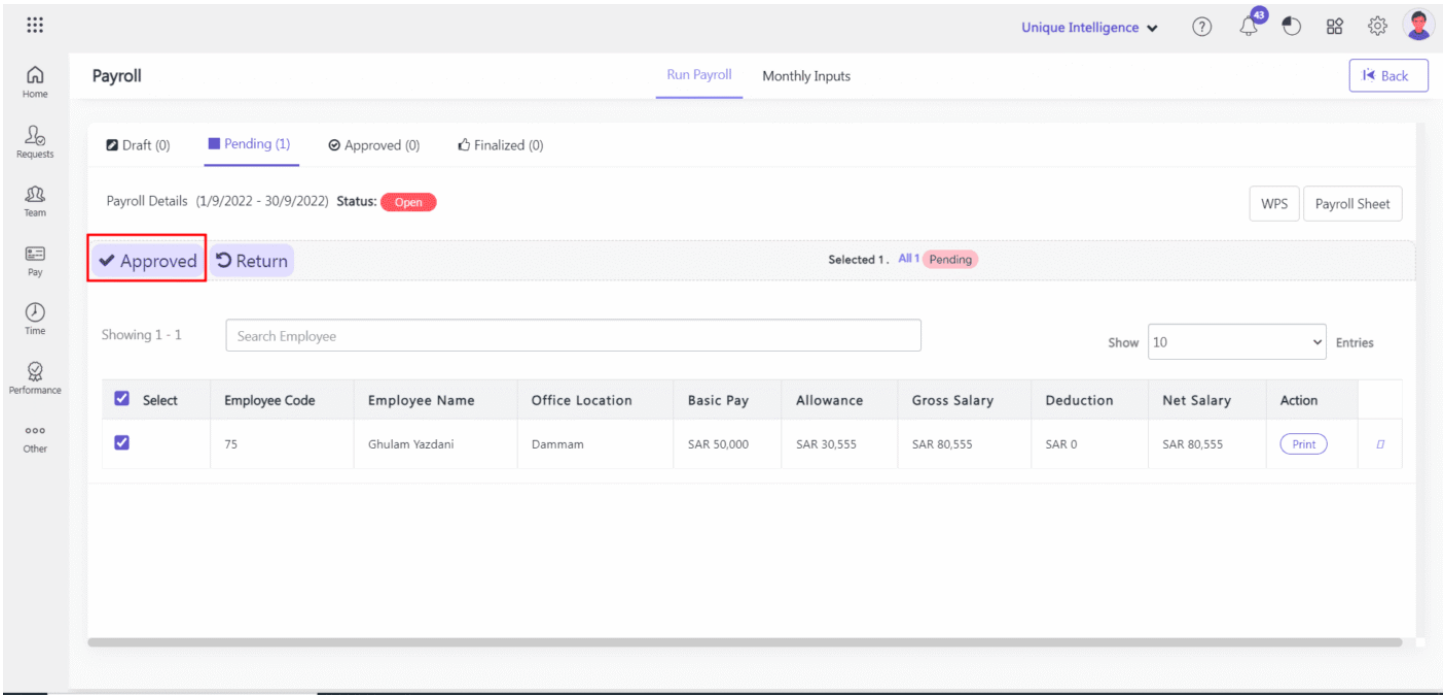

8.In the screen select and click on post

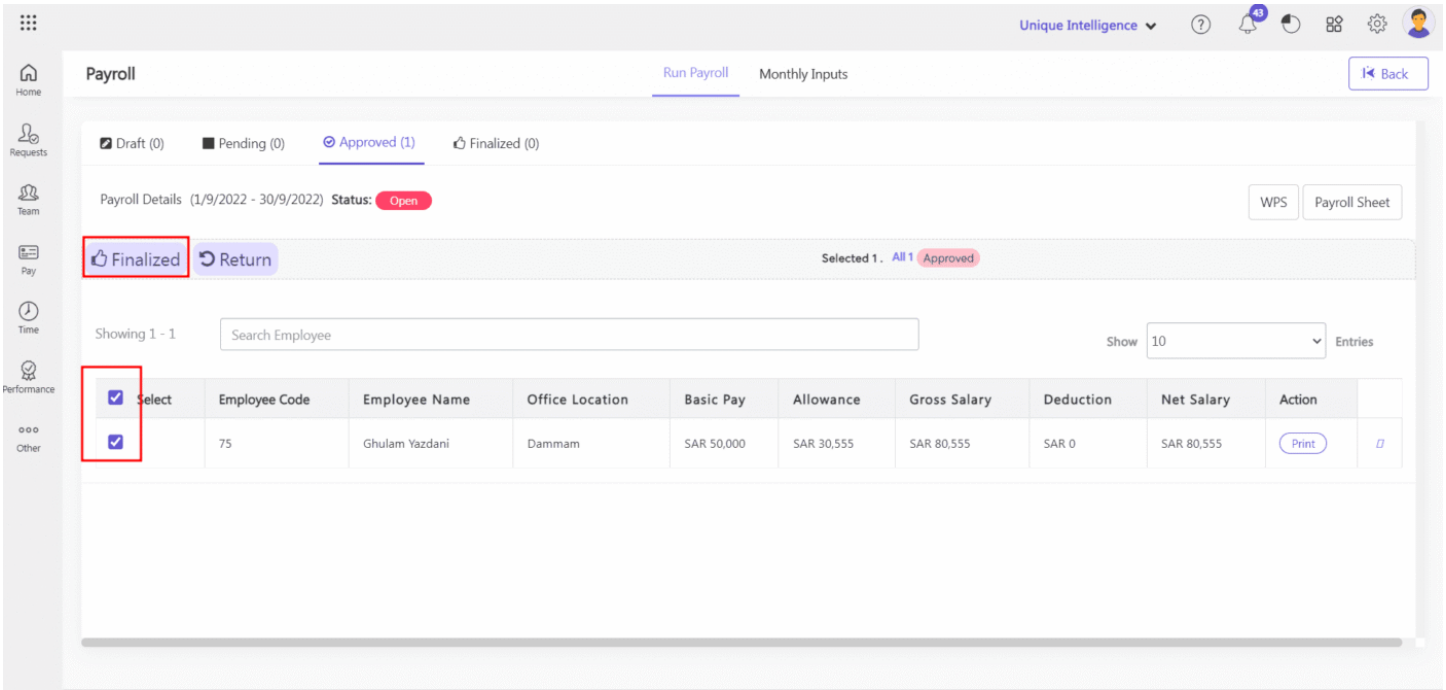

9.Now the status is **Pending**

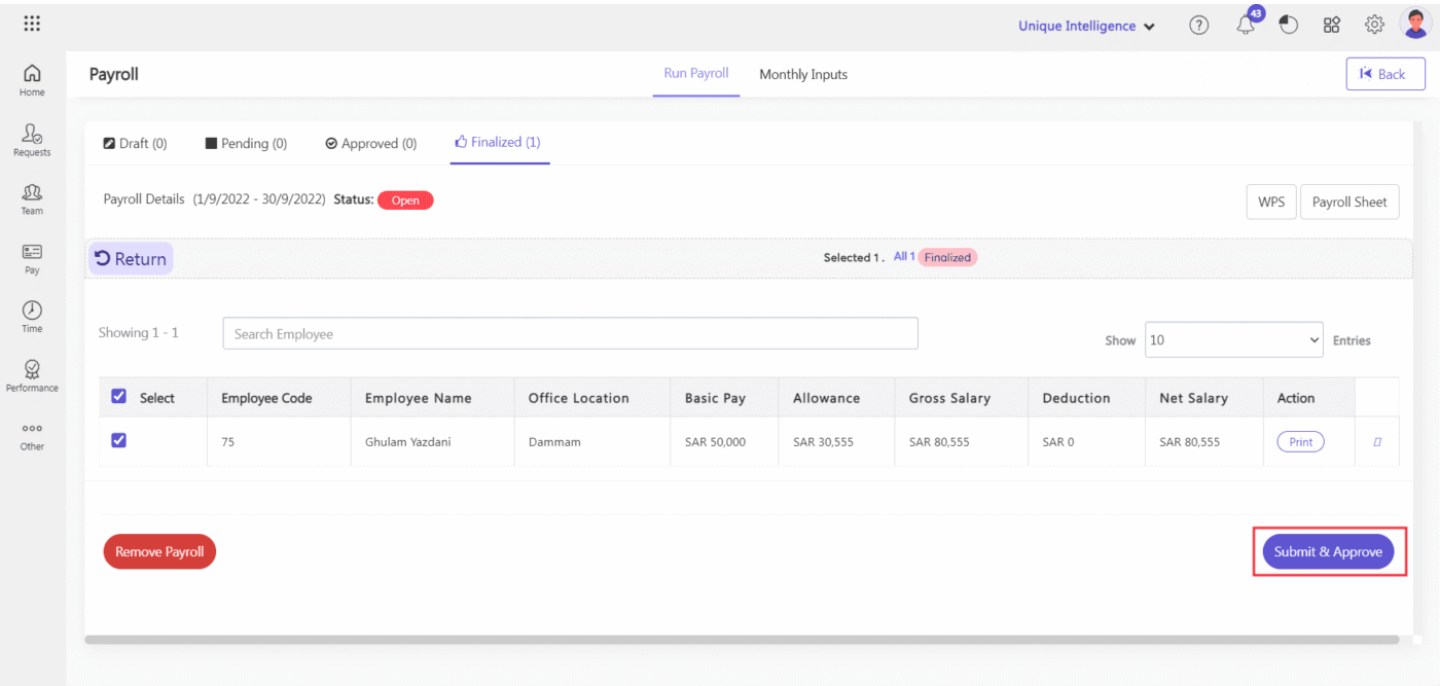

10.Click on the Approved

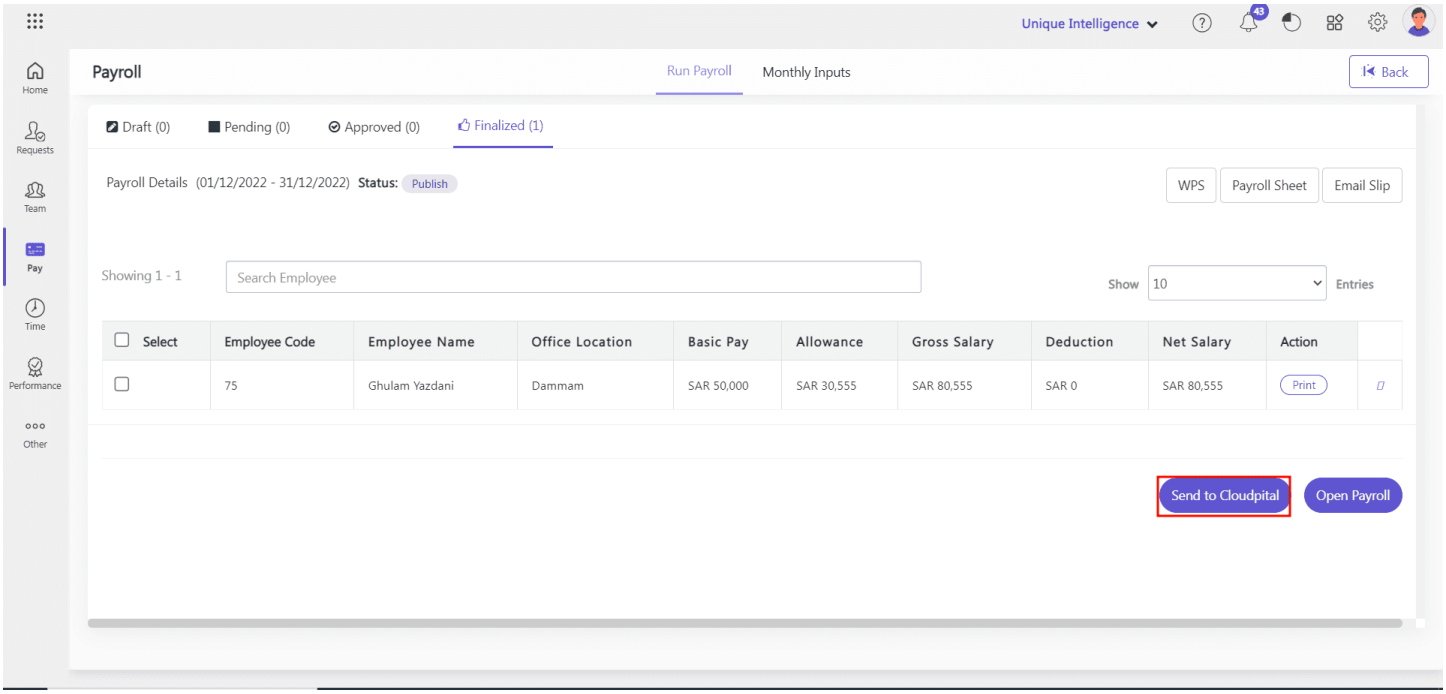

11.Select and click on the **Finalized**

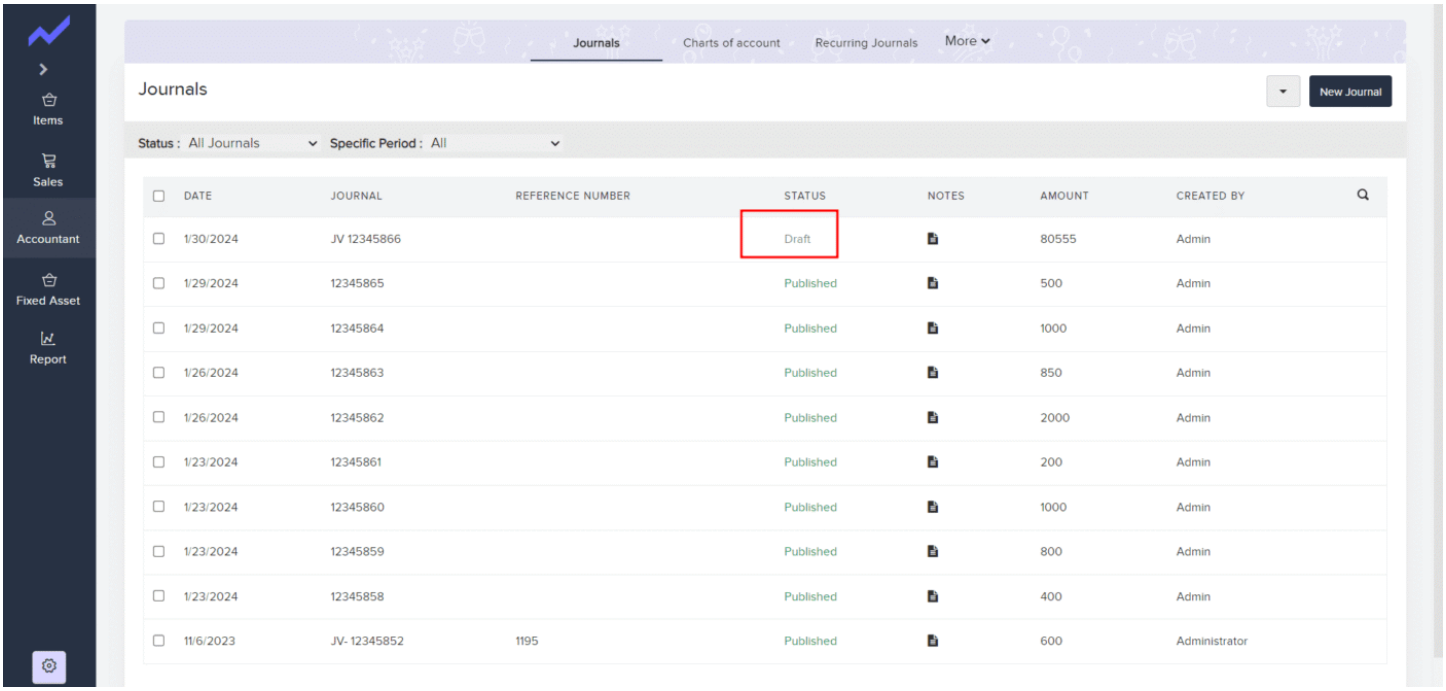

12.Select and click on **Submit & Approve**

13.Click on the send Cloudpital.

14. Go back to the app.erpisto.com here is the Payroll which you send to cloudpital.

Overall, Ojoor simplifies the payroll process by automating calculations and ensuring compliance with local regulations. With Ojoor, employers can focus on other aspects of their business while ensuring that their employees are paid accurately and on time.
